

Lighting Up The World

Pennells/Porter CCLI # 7136481

Verse 1:

I feel this love around me lighting up the world
I see the wonder of it all
The coldest winter the autumn leaves
A summer breeze behind me
Each time I see another morning break the night
There is a sunrise on it's way
Then all creation begins to rise
And bring another day

Chorus:

Lighting up the world for me
So real and wonderful to see
And who could ask for more
Who could ask for more
Beautifully made for us
So we can surely care enough
And we can have it all
We can have it all

Verse 2:

We've got to look around and change the way we are
And help to build a better place
We need to wake up and hear the truth
So we can learn together
We have to show the way and care for where we live
And keep believing in our hearts
We've got to hold on to all we have
And change the way we are

Bridge:

So when the thunder and the clouds come over
And then the night time brings a flood
We come together for a brighter future
We feel the power feel the love

Tell me how do I describe
The sun the moon the stars the sky
And all for us to share
