

GLOW

Verse 1

Love so amazing and kind
Oh I'm so glad that it found me
Now when it's dark in my life
There is a light all around me

Pre-chorus 1

If I feel fear
Well then I know
there'll be a glimmer right here
I'm gonna let it glow

Chorus

And I want you to tell me
How to show that I care
Cause I know that you love me
And you'll always be there
When I'm living your way
I'm ready to go
When my heart is your heart
I can't help but glow

Verse 2

I wanna shine like a star
So everybody can see it
A love so deep in my heart
Now every day I can feel it

Pre-chorus 2

If I fall down
I know you're gonna get me
Onto safe ground
Where I can let it glow

Chorus

And I want you to tell me
How to show that I care
Cause I know that you love me
And you'll always be there
When I'm living your way
I'm ready to go
When my heart is your heart
I can't help but glow

Bridge

Let your light shine
Brighter than the starlight
Let the beat flow

Woah woah woah

Let your light shine
Brighter than the firelight
Let the world know
I'm gonna let it glow
I'm gonna let it glow

Chorus

And I want you to tell me
How to show that I care
Cause I know that you love me
And you'll always be there
When I'm living your way
I'm ready to go
When my heart is your heart
I can't help but glow
